3. Authorization is also requested for [REDACTED] Language Lessons for [REDACTED] Administrative Assistant at [REDACTED] While Miss [REDACTED] will not be engaged in operations, it is felt that a knowledge of the local language would be of considerable value in her work. It is pointed out that the organization has been able to find very few persons, officers or clerks, who know [REDACTED] or have enough interest in [REDACTED] to learn the language. It is felt that Miss [REDACTED] desire to learn the language is an indication that, if approval is granted, she would be willing to serve for an extended period in the area. In view of the inability of the organization to find sufficient qualified personnel who are willing to go to [REDACTED] it is felt that present personnel should be encouraged in every way possible to develop an interest in the country. The estimated cost of her lessons is \$110.00.
